Maintenance Mechanic (MM PS-07)

Independently performs semiskilled preventive, corrective, and predictive maintenance tasks associated with the upkeep and operation of various types of mail processing, buildings, and building equipment, customer service and delivery equipment.

Maintenance Mechanic, Mail

Processing Equipment (MPE PS-09)

Performs involved trouble-shooting and complex maintenance work throughout the system of mail processing equipment; performs preventive maintenance inspections of mail processing equipment, building equipment.

Building Equipment Mechanic

(BEM PS-09)

Performs involved trouble shooting and complex maintenance work on building and building equipment systems, and preventive maintenance and inspections of building, building equipment, and building systems, and maintains and operates a large, automated air conditioning system and a large heating system.

Area Maintenance Technician (AMT PS-09)

Installs, maintains, repairs, removes, and disposes of postal equipment as appropriate at post offices (offices not having maintenance capability) within the geographic area served by the area maintenance office to which assigned. Installs, moves, or repairs post office screen-line equipment, lock boxes, furniture, and mechanical equipment. Performs involved troubleshooting and complex maintenance work on building and building equipment systems. Applicants must have a valid state driver's license, demonstrate and maintain a safe driving record.

Electronic Technicians (ET PS-10)

Carries out all phases of maintenance, troubleshooting, and testing of electronic circuitry used in equipment and systems requiring knowledge of solid-state electronics. Instructs and provides technical support on complex systems and on combinational (hardware/software) or intermittent problems.

Laborer, Custodial (LC PS-04)

Performs manual labor in connection with maintenance and cleaning of the buildings and ground of a postal facility; assists in firing low pressure boiler and in making minor repairs to the building and equipment. These duties may involve using a variety of hand and power-assisted tools, and power-driven custodial equipment. Applicants must have the ability to stand, stoop, bend, and stretch for long period of time and to manually lift and carry objects weighing 45 pounds or more, without assistance.
