

The fight for a good contract isn't over — **and we're taking it to the streets.**

On October 1, we'll stand together and make our voices heard from coast to coast to demand that postal management listens to our voices.

Will you join us? The local rally is:

Trenton Metro Area Local, North Jersey Area Local, NJ Shore Area Local and Red Bank Local Rally

Start: Tuesday, October 01, 2024 10:00 AM

Trenton P&DC

680 US Highway 130

Trenton, NJ 08650

Our Demands

Give Postal Workers and the Public a Voice: We're demanding that the Board of Governors bring back the public comment period at every meeting, ensuring that the Postal Service remains in the hands of the People!

Better Staffing and Better Service: We need management to commit to recruiting and retaining a dedicated workforce to ensure that every community gets the quality mail service they rely on.

Listen to Postal Workers at the Bargaining Table: It's time for management to recognize the value of our work and agree to a contract that meets our demands.

If you plan to attend the rally during your regular scheduled hours, please submit a 3971 to Management for 4 hours of Leave Without Pay with Code 84 Day of Action Rally in the remarks section. Give a copy of the 3971 to the Local President when you go to the Rally and you will be reimbursed for the lost time from the APWU.
